Education Background

- **B.Tech IT - 7.92 CGPA**
Sri Sairam Engineering College
2021 - Present (Pre-Final Year)
- **Higher Secondary - 94.9**
Kanchi Sri Sankara Academy Matric Higher Secondary School, Tiruchendur
Completed in 2021
- **Secondary - 94.4**
Kanchi Sri Sankara Academy Matric Higher Secondary School, Tiruchendur
Completed in 2019

Technical Skills

- Python
- C
- Java
- HTML, CSS, JavaScript

Interest

- Web Development
- Reading books
- 3D Modeling and Animation

About Me

As a student, I'm passionate about learning and committed to doing my best in all my academic pursuits. I consistently achieve high-quality results and am always ready for new challenges. I believe in continuous learning to keep up with changing trends and am eager to contribute positively to different environments. I aim to build a versatile skill set that goes beyond the classroom.

Experience

Student Intern - Softrate Technologies 2023 - Chennai, India

- Spearheaded the front-end development of an e-commerce website using React, ensuring a responsive and visually appealing user interface.
- Collaborated with back-end developers using Spring Boot, fostering effective communication and integration between front-end and back-end components.
- Utilized React for building dynamic and interactive user interfaces.
- Actively engaged in continuous learning and skill development, staying updated with the latest trends and technologies in front-end development.
- Suggest budgets and improvements based on the above information

Achievements

- Operational Director of the IEEE HKN Nu Eta Chapter
- HACK-CCELERATE winner - Hackathon conducted by Google Developers Students Club of Sri Sairam Engineering College.
